GREAT FIRE AT MEADVILLE.

York, at leost, has comprehended it, and the panic among her health officials is proportionate to their previous criminal cardeseness. Her newspapers cound the note of warning, her health commissioners are talked of, the sinks and sewers of our festering civilization are receiving inspection, and the whole city segms awaking to a sense of its imminent peril. We do not apprehend any serious cause for alarm in the fact that a cholera-laden vased has arrived at our shows. In fact, if it arouses the country, as it should be aroused, to the necessity of immediate should be aroused to the particular of the factory and the laby of the followed, but the particular of the factory and the library and old Committee received it upon his side, injuring the ribs, as use testfied by Dr. Farrington. A she there she was to fellowed, committee as as testfied by Dr. Farrington. A conduct the particular of the particul D. W. Cahfield, Esq., has purchased of his late partner. H. K. Smith. Esq., the residence lately owned by Mr. Calvin Knowles, in Chardon.

The loss falls very heavy on Messrs. H. S. & F. W. Huidekoper, but not so fearfully as on the twenty or thirty families who are rendered homeless.

At present writing it is listposable for Mr. Seth Edson has been employed to conduct the highest department in the chardon schools, nonmencing with the Winter term.

An interesting literary contest came off at the Burton Institute on Thursday, Oct.

They had a large number of mer and women employed, most of whom live and women employed, most of whom fived in the tenement block, and these are not only thrown out of employment, but are absolutely homeless and have lost a good portion of their household effects. Owing the general scarcity of houses and roo in town, it is a serious question how these people are to be provied for. Over twen-ty families lived in the block, and several of these kept boarders. The occupants numbered, men, women and children. After the fire had been raging nearly half an hour, the intense heat "got up steam" in the boiler room and set some of

the machinery in motion. The not made by the escaping steam caused the crowd to fear an explosion, and a general says he soon trusts soon to see Ansassapping also been developed, and we may hope that the frost and breezes of winter may postpone its generation, but with the mark days of summer, if not before, the Adjutant General Coweu of this city, Asiatic plague will again be among us.

Says he soon trusts soon to see Ansassaspping as postpone is the termination of the government, and again rebellion, there is still a considerably supply remaining in possession of the Government, for which it would appear General Grant and the Secretary think we may have use.
